I'm a well-rounded artist with 10 years of experience and passion under my belt. I excel in storyboarding for animation and visual concept development from a worldbuilding perspective. I'm currently working on my master thesis film, featuring a full cast of voice actors and other creatives. I'm ready for a future in the creative industry.

EXPERIENCE

Freelance Artist | *Self Employed* | Jan 2020 - Present

-Created illustrations and concept designs for hundreds of clients online, many of whom are part of the tabletop roleplaying community. I've also done art for book covers, storyboards and I've built up a reputation of reliability and have amassed many returning customers. Much of what I draw is based in storytelling and usually inspired by film and animation. I've also done personalized storyboards for clients as if it were for an actual studio.

Editing Intern | *Centerstage Global* | Summer 2021

-Edited promotional videos and livestreams using DaVinci Resolve. Also sketched up concepts for future show stages and event spaces. Additionally served as a production assistant for a large corporate event.

Hostess | *Disney's Hollywood Studios* | Jan 2023 - June 2023

-As a participant in the Disney College Program I seated guests inside the cantina while maintaining an immersive experience through character acting and witty remarks. Also watched over the drink stands and sold beverages to park guests outside the cantina.

Sales Associate | *Khol's* | Sept 2022 - Jan 2023

-Assisted shoppers find certain items and maintained the dressing rooms by returning clothes to their specific place in the store. Also helped pack and fill online orders during the holiday season.

Camp Counselor | *Evergreen Park REC Center* | June 2018 - Aug 2019

-Watched over children ages 6-12 and planned activities for them during the day. Mediated disagreements between campers and helped maintain a safe and healthy environment.

Barista | *Grind* | Sept 2019 - May 2022

-Made drinks ranging from coffee to tea for university students and professors. Also managed cash and kept the unit tidy and mess-free.
